

Sing for the Climate : une initiative de la Coalition Climat et du CNCD-11.11.11

Texte alternatif

Quinoa avec le soutien de l'Association 21

<p>1. You need to wake up You need to step up You need to open your eyes And do it now now now People and planet, or making money Yes you need to choose right now</p>	<p>2. We're on a planet That has good money You need to stop speculation Do it now now now Let's tax finances, and their transactions To support our eco debt</p>
<p>3. Your bio fuels, (bio fuels) Your carbon trading (carbon trading) Your CDM* make us cry Just stop it now now now You need to build, better solutions We ask you to start right now Petit instrumental</p>	<p>4. Environmental rights Or corporate profits You must get wise stop compromise And do it now, now, now Yes, we can change, our way of life, Why don't you just start right now? Grand instrumental</p>
<p>5. We're in a system, That has a problem You need to reform, regulate And do it now now now Please relocate the economy And stop financing fossil fuels</p>	<p>6. Make it bolder (bis) Make it clever (bis) Make it just, yes you must And do it now now now You've got to build, a fairer future And you need to start right now (Bis) We've got to build, a fairer future And we need to start right now</p>
